## DETAILED ACTION

### *Response to Arguments*

Applicant's arguments see page 6-8, filed 12/10/2007, with respect to claim 1-2, 7-8 and 13-15 have been fully considered and are persuasive. The 35 USC § 102(e) rejection of claim 1-2, 7-8 and 13-15 has been withdrawn.

### *Claim Rejections - 35 USC § 101*

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

**Claim 1-2 and 14** are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Regarding claim 1, 14, A "computer readable medium" storing a data structure does not produce tangible result and not patentable unless it is executable. Only when a computer readable medium where the program when executed causes the computer to produce a useful, concrete and tangible result.

Functional descriptive material claimed in combination with an appropriate computer readable medium to enable to functionality to be realized is patent eligible subject matter if it is capable of producing a useful, concrete and tangible result when used in the computer. See *in re Warmerdam*-data structure stored in a computer memory and *in re Lowery*, 32 USPQ2d 1031(F d.Cir. 1994).

Claim2 also rejected because of the dependency on rejected claim.

To over come this rejection examiner proposes the following: "A computer readable medium comprising: a data structure including computer program (computer software) encoded on ..."

***Allowable Subject Matter***

**Claim7-8, 13 and 15** are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
